I agree with the other reviews. It's a nice, older park but it's well maintained. The noise didn't bother us but it might some people. We've been to worse. :) My only complaint is that it is heavily wooded. I couldn't find any satellites with my Direct TV antenna from any spot. I would not stay here again because of that problem. On the plus side, it is a Passport America park. We camped here in a Motorhome.

July 2008 - [www.rvparkreviews.net](http://www.rvparkreviews.net) Rating: 9 out of 10

Sites are very small, but everyone was very nice - campers and staff. We were there for sightseeing and entertainment so did not spend a whole lot of time at the campground. We would stay there again. We camped here in a Tent Trailer.

This is a very small yet clean park with all of the amenities you'd need. Recently updated electrical power boxes, water, sewer, and cable. Pool small but clean. Sites adequate but not large. Several playgrounds, nice landscaping, clean. On the Williamsburg Area Transit line, which is why we camped here (no car, just a Motorhome). This is a place to stay if you are seeing attractions. It is not a place to get away from it all. There is traffic noise and trains. We knew this going in and it didn't bother us. We would stay here again. Very close to attractions. The only thing we didn't like: the buses do NOT run on Sunday, which surprised me, as this is a Tourist Town. But that had nothing to do with Anvil. The staff were friendly and accommodating. We camped here in a Motorhome.
