"A great place to stay for a night, a week, or a month. Small, but a very friendly staff. Family owned. Close to Colonial Williamsburg. Clean grounds and bath house. Well thought out play area. A nearby paved walk and bicycle path that is peaceful and cool in summer for those who want some exercise is just up the road. Anvil Campground is lovely no matter what time of year."

"What a quaint little campground!! Yes, there's a train track, but my 3 year old loved it! Very close to everything, and the cleanest, nicest bathhouse I've ever used at a campground! The staff were so polite and the playgrounds were well kept! Thank you for a great weekend!"

"Such an awesome family owned campground! My husband and I have been coming here the last 6 years around Christmas time. This is our 4th year renting the Blacksmith cottage and absolutely love it, we even decorate the outside with Christmas lights for the few days we are here. All the staff are super friendly and many nice improvements have been made! This is the place to come and stay if you are visiting Williamsburg, VA."

"We live in PA and stayed at the campground 11/3-11/5. Anvil was convenient as another couple from NC joined us and it was in the middle for us. When we arrived we met with Ray who was a pleasure to deal with. This was our first visit and after seeing our site decided we liked another. Well we changed our minds 3 times and not once did we get an eye roll or sigh from Ray (and boy we would've deserved it). Additionally we picked a site that was typically used as an rv overflow and costs more but Ray said not a problem and we could have it. The grounds and facilities are immaculate. The jamboree was nice and the food great... This campground worked out great... Anyway the customer service was amazing and you all are wonderful and a one of a kind group. Thanks for everything."

"My husband and I stayed for 10 nights once again at Anvil. As always, it was a delightful experience, with the staff making us feel like family. They are extremely accommodating and can't do enough for you. This trip, we experienced 2 problems with our 5th wheel, and the staff made an excellent recommendation for a local RV repairman to do a service call at our site. How convenient! Not all campgrounds have that service. He resolved our issues, is very reasonable in price, and pleasant! The campground continues to add and make improvements (not that there is anything to improve, in our opinion!) and listens carefully to their guests comments. They now have 2 cabins, along with the existing 2 cottages. We plan to return 2 more times in 2018! Please give them a try!"

"We love this campground. The location is perfect for doing all things in and around Williamsburg. The people working at the campground were so helpful with whatever you need to know about the area. We will be back and recommend this campground to all our

camping friends. The train that runs behind the campground has been mentioned but we find its only a minor distraction. The Waller Park bike trail is so accessible from the campground and golf carts are allowed on there making it such a beautiful ride for everyone with limited mobility. The laundry is so close by and clean as well as the bathrooms and shower. We loved our experience and couldn't ask for more."

"This campground is well maintained and the staff is friendly. We enjoyed our three night stay. I see some reviews about the train. I can tell you, while we heard the train sometimes, it didn't really affect or bother either me or my wife. We also didn't notice the traffic on the highway much at all. We got three good night's sleep and enjoyed Colonial Williamsburg and Jamestown. We took the bus there. Pretty easy."

"Our site was nice and wide and long... We had 3 small dogs and the grassy field along the road was much appreciated for walking them. My husband who likes trains enjoyed the occasional trains going by the campground. Location is convenient for sightseeing at Williamsburg, Jamestown and Yorktown and as that was the main purpose of this vacation ANVIL was perfect. Owners were super nice and helpful. We had site 40 with a 39 ft. motorhome towing and had plenty of room for vehicles with a small area to sit outside."

"My wife, myself and our two yorkies decided on a whim to visit Williamsburg as we were returning to Florida after Hurricane Irma. We showed up at Anvil Campgrounds unannounced and without a reservation. We could not have been treated nicer. The facilities are top notch and the entire staff is cordial and super helpful. We spent three enjoyable nights and will visit again when in the area. Our thanks to Chris and all the staff. You are professional and customer service truly defines your operation."

"We really enjoyed our one night stay at the Anvil Campground. The owners/management were so courteous and helpful, and we loved having this place of rest after a long day at Colonial Williamsburg. It is only a 5 minute drive from the historic city. The bathrooms were immaculate and we had great showers! A clean, well-maintained, and well-loved place of rest for these weary travelers! We loved all the little touches in tribute to their father who was the original owner. Now the sons are doing a great job carrying on the legacy. Since we are from California, we probably won't be traveling this way again, but the Anvil Campground is certainly one of our best memories from our trip."

"Lucky enough to secure reservations over Labor Day weekend. We were greeted by very friendly and informative office staff. Trailer site was clean and well thought out. Cable tv was offered so we were able to catch VT v WVU game (go Hokies)! Bath house was amazing. Wanted to ask if they checked and straightened up after everyone exited the bathroom. Very clean, nicely planned fixtures and very well kept. Grounds were well maintained. Nice playground and pool. Very close to all attractions, some actual walking distance... It was a good getaway!"

"We camped here for a family vacation. Excellent location, easy and fast to access, Colonial Williamsburg, Busch Gardens, and many restaurants close by. The sites were clean, flat gravel... The bathhouse and pool area are well kept, clean, and welcoming. The kids loved swimming at night and cooling off after hot day. The staff, no matter what time of day/night, was always friendly, happy to answer questions and help make your trip successful. If we were traveling in that area again would definitely return."

"We called last minute to inquire about a reservation and were taken care of (literally the day before). The price for one night was fantastic, so we decided to book. We arrived today and were extremely happy when we pulled in. The campground is immaculate and clean. The check in process was quick, easy and Morgan at the front desk is friendly and very helpful. Like another reviewer said, please do not be put off by the size of the campground! The spot we were given is full of nice, clean gravel and it's HUGE! We have a nice picnic table and a fire ring behind our lot. The pool is nice and clean. The pool deck chairs are some of the nicest that we've seen at campgrounds. The sand deck playground is great and my daughter thoroughly enjoyed it... Staff is very friendly and I've numerous folks tidying up. You can see that they're proud of this campground. Highly recommended, we'll definitely stay here again if we're in Williamsburg."

"This was our second trip to Anvil Campground this year. It is the closest campground to Colonial Williamsburg. We chose the same site as we had earlier in the year. It is wide, clean, and level. The utility connections are modern and the site was stone. The pool is nice and

the entire campground is well maintained. The staff in the office is incredibly nice, helpful, and welcoming. It is close to a railroad, but we got used to the trains, and actually enjoyed them. We'll definitely be back."

"You're not going to meet a nicer bunch of employees and owners than the ones running this campground. Chris and Ray are phenomenal hosts. And so are the rest of the staff we met while we stayed at the campground. Honestly, I kind of felt like I was at "my" campground (if I owned a campground). It's that familial...if you are looking for a friendly, easy place to do Williamsburg, at less than \$175 per night, this is your place. We enjoyed it and would likely do it again."

"This was our second trip to Anvil Campground this year. It is the closest campground to Colonial Williamsburg. We chose the same site as we had earlier in the year. It is wide, clean, and level. The utility connections are modern and the site was stone. The pool is nice and the entire campground is well maintained. The staff in the office is incredibly nice, helpful, and welcoming. It is close to a railroad, but we got used to the trains, and actually enjoyed them. We'll definitely be back."

"This is a lovely campground, well taken care of. It's right on the bus line that will take you to all the major sites in Williamsburg. Senior fare \$1.50 for the day \$3/non senior. It's better than paying \$15 a day to park at Busch Gardens or Water Country. Be sure to have exact change... There are lots of restaurants close by and even a Wal-Mart. Sites are lovely. We had a tree, a fire ring and a picnic table. There are some pull through sites. There's a store, a pool, children's play area in sand if noise doesn't bother you, come here. I would return."

"Five stars  Anvil Campground was absolutely a wonderful place to camp! Even though it is a smaller campground, it had plenty to offer with the pool, the game room, a wonderful general store, plenty of spots to relax, and an amazing biking/walking path just down the street! The staff was super friendly and very helpful with planning our trips to Busch Gardens and Water Country. The facilities were new and top notch. Despite the amount of traffic they saw, the bathrooms were kept pretty clean which is definitely a plus when it comes to campgrounds! If I have the opportunity, I would certainly come back hands down!"

"We love this campground. This is our second year camping at Anvil. The place has been newly renovated and is even more beautiful than before. It stays very clean and the staff is very friendly and professional. Close to all the attractions in Williamsburg. Looking forward to visiting in the fall."

"My family and I stayed in the Blacksmith Cottage during the fourth of July. We were happy that we were able to bring our dog with us and enjoy some family fun. The staff was so friendly at the campground and willing to answer any questions. It was great having the general store to buy some necessities like lots of ice and water for the hot weather. The kids (8 and 11) were thrilled to not be stuck in a hotel room. They absolutely loved the zip line and rode it many times. It was very close to Busch Gardens and Colonial Williamsburg. Thank you so much for helping my family have a great vacation!"

"We full-time RV in a 5th wheel for 3 years and have traveled coast to coast. The RV Park has the best customer service of ANY park we have been to. The park has been there for years and at one time was not in the middle of a city, it has grown around them. They have maximized every single bit of space that they possibly could. I would venture to guess that most of the people that stay here are doing it for it's location and spend most of their time away from the park. That being said, they have not cut any corners on amenities.

The bathrooms are definitely a 10\*. The pool area and playground are very clean as well, we saw staff actually wiping down the playground equipment and chairs after it had rained. The playground has a small zip line in it that the kids seemed to really enjoy, it's something different than the same old standard playground equipment. They also have a picnic area in the playground so that the parents can bbq or sit at tables and just hang out while the kids play. That is a nice extra touch for those with children. Additionally they have a community fire pit with some cool seating around it if people are interested in having a fire away from their own site and visiting with others. What all this amounts to is that after you have spent they day seeing Williamsburg, you can come back and have all of these nice things waiting for you or if you just want a day of down time from running, you have everything you need to relax right here at the park..."

"The Anvil Experience is something you do not want to miss if you are ever in the area. This was our first time and we were sold immediately on the family atmosphere and the customer service of the entire staff. You cannot beat that feeling of family when walking onto the quaint grounds or into the office. You ask the staff for anything and they seem excited to help you with whatever they can. The pool was open and felt amazing after a really hot day and the bathrooms were immaculate the entire time we were here. We stayed in the new cabins and they were perfect!! So cute and rustic feeling inside (Even with the TV and mini-fridge/microwave) but also close to the bathrooms so no worries on that. Yes there is a train that runs through during the day and nighttime, but we found it very interesting to see it go by and we slept through most of them at night, as most of the other guests seemed to be doing; I heard no complaints from anyone. The arcade has some very nice games and I saw in the office they have basket balls, horse shoes, and corn hole for people to borrow whenever they want (how cute is that), and a very, very nice new playground with a sectioned off private grilling area. Discount tickets for Williamsburg and

Busch Gardens are available as well!!! There was even a student masseuse giving free massages to other guests while we were here. What else could you ask for? This place seems to have everything. We will definitely be back!"

-5 out of 5 stars

"We've thoroughly enjoyed our stay here. Unfortunately, we have to check out tomorrow! This is a nice, smaller campground that is well maintained. Staff are really friendly and accommodating and willing to bend over backwards for us. Nice, well maintained swimming area, playground for kids with Arcade. Perfect distance away from all the attractions and close enough to get there within 7-10 min. Bathrooms are well cared for and clean! Quiet at night and no rowdy campers. Railroad tracks on one side of campground with road in the other. Neither were a problem for us. I think it is a nice campground at a reasonable price and never once felt nickel and dimed like so many others out there. Thanks Anvil, we'll be back!"

"My family stayed here from 6/24-6/25 for my son's 12th Birthday. We had 7 in our group in a very large tent. I work in customer service and this staff exceeded all expectations we had. Half stayed at campground and half went to water country on Saturday and then Sunday we all went to Busch Gardens. It is close enough we were able to drive back and have lunch at the campground and then went back to park! Everything was exceptionally clean and well kept...Great place to hang out, THANK YOU ANVIL WE WILL BE BACK!"

amazing and economical lodging choice for our family! Would definitely recommend it for the great amenities, location, staff and price!"

The bathrooms are newly renovated and clean. I've barely encountered anyone else while in the bathroom... We are within 10+ minutes of a bunch of fun stuff to do...

Bottom line is, this is a great place to park your stuff while visiting the local attractions...It's nice, clean, friendly, and worth the \$\$\$."

"Loved this campground. Staff was very helpful and friendly. Bathrooms had been recently remodeled and they are immaculate. Have never seen a campground as nice as this one. Had a great time while there and if ever in the area again I would love to stay there again."

"Just took vacation to the Williamsburg area. I'll start by saying my wife is not a camper. Her idea of roughing it is a holiday inn. I talked her into staying here in one of their cabins. I told her if she had any issues when we got there that we would leave and get a hotel. Luckily that was not necessary. This is the nicest campground I have ever stayed at and I do a fair amount of camping around where we live. Their bathrooms are immaculate and I'm positive that's what sold my wife.

I was so impressed with every aspect of this campground. The store is well stocked. The staff are all extremely friendly and helpful. And if you have a fur baby they are very accommodating. The only place you can't have them is in the cabins. I assume because they are brand new (less than two months old).

Definitely highly recommend this campground and if I'm ever in the area again I would love to stay again."

"Chris,

We really enjoyed our three days at Anvil. The campground is organized very efficiently. Pool was great, campsites were large enough to pull your vehicle away from the road, people were nice - and you didn't lie - VERY DOG FRIENDLY!! It was nice having a little place to let the pup do her business. Thanks for having us - ...

Anyhow - we will be back!!!!!!

-5 out of 5 stars

"We did our first camping trip with our new RV at Anvil Campground over the Memorial Day weekend. This was the first time we ever stayed at a camping center so as a novice RV camper I didn't know what to expect. Megan at checkin was very helpful and informative. When I plugged in my unit wasn't receiving power and Raymond showed me where the circuit breaker was on the service input. Then I was having a problem with my refrigerator and asked Raymond for help. He googled on his phone to find a resolution. A big help to me. The overall camping experience was great and that was due to Anvil and their great atmosphere. The bathrooms were like ones you would find in a fancy hotel... I would definitely recommend Anvil if you are looking for a first rate campsite. All the help was great to work with."

"This was our 4th time staying at Anvil. We continue to return because of the excellent staff and services provided. They ALL do their utmost to make you feel welcomed, and can't do enough for you, and always with a big smile! It smaller than most, but they offer so much for their size. This family and the rest of the staff put their heart and soul into running this campground, and the campers come first! They are constantly improving and adding to it. We actually enjoy the trains that go by. It's clean and conveniently located to the Triangle and Busch Gardens. Norfolk is over an hour away with so much to see and do. We plan to return this fall and spring '18 as well!"

"My husband, daughter, granddaughter, hound and I spent a very pleasant mini vacation at Anvil Campground last week. Using Anvil as our base, we were close to the historic areas which were our primary goals. How nice to spend leisure time at this RV campground. There was plenty to keep our granddaughter busy, swimming, biking and especially the zip line were great. We were very happy that my brother and his wife and son could spend part of the day visiting us at our site with the Jump's permission. Thanks so much for all that you do to provide such a welcoming home away from home. We will certainly consider staying at Anvil when we return to the Williamsburg vicinity.  
Stayed: May 2017, traveled with family"

bathrooms were very clean and the laundry room, close and convenient. The owners were very friendly and informative... We would definitely stay there again!!"

"We had to shorten our 2 week vacation to a 1 week and were looking to find the closest area with warm weather to Maine. We chose Williamsburg and the Anvil Campground. Our experience with the campground was amazing from the moment we called to check on reservations. Raymond was our first contact and each and every person there was equally terrific. The campground was very nice and located near so many eating places, shopping and Colonial Williamsburg. We cannot wait to go back!! The area is so beautiful and there was so much to do."

"Right from check-in, the family run RV resort makes you feel welcome. They couldn't be more helpful even sending John to help us "park" our rig. We were there when they were celebrating their 63rd anniversary. They shared their celebration with everyone with ice cream on Friday night and a great barbecue with all the fixings the next day. Every site has a fire pit and picnic table which was nice to have. We didn't use their pool because of the cool weather. The playground looked like a fun place. We thought our grandkids would have loved playing in. The bathrooms are brand new and kept immaculate. Being close to all the historic sites in Williamsburg was a plus for us. We will definitely return to Anvil Campground when we are up in VA. You won't be disappointed if you stay at Anvil... They've

been in business for three generations so they must be doing something right! Thank you to the Jump family."

The owners and staff are all very helpful ... you get the feeling there is nothing they wouldn't do to make sure your experience perfect. The campground has a very convenient location close to all the top attractions. We appreciated the fully stocked store, modern laundry and spectacular bathrooms. We'll stay here again for sure and will recommend it to all our camping friends. With the addition of two Amish built log cabins, you don't even need a camper to enjoy Anvil. Thanks to all Anvil staff for a great experience."

It's family owned and they celebrated their anniversary while I was there by feeding everyone ice cream on Friday night, BBQ on Saturday with music and donuts and coffee on Sunday a.m... I'll definitely go back. Oh, and they just added a cute little log cottage for non-campers. It's extremely close to Williamsburg where you can walk your dog on the streets."

We checked in and all the people were overly friendly and helpful. We got to our site which was very clean and level... I just ran my air all night and slept like a baby. We absolutely loved it. Very pretty grounds and kept nicely. We just happened to be there during their 63 anniversary and they fed the entire campground a bar b que dinner and had an ice cream social. We were there during the 63rd anniversary party, and was amazed of the activities, music and delicious food that was served. In the mornings, coffee and pastries were offered to the guest. In the evening an ice cream party. All camp sites were updated and very clean. The cabins were awesome. As campers, we appreciate the hospitality and the cleanliness of Anvil Campgrounds. "The owners and staff of this RV park are awesome. They go way out of their (way) to make your stay great and trouble free. It's very clean and well kept. They really care about the place. We have been RVing for 8 years and it's the best place we have ever been to and will always go back every chance we get. Thanks for everything: Russell and Janice Round"

"This campground is cute and family oriented, when we have needed reservations for a certain date we have had no problems getting it, and the lot we requested to. It is so close to Busch Gardens and the Prime Outlets which makes so convenient me and my family will continue to return to Anvil I cannot say enough on how friendly and helpful they are I really like this campground a lot!!"

"This was our first out of state camping trip. This campground was recommended to us by a friend and now I am recommending it. The campground was very clean the staff friendly. We were in a camper van stayed in a site with full hookups. Very easy hookups. Yes there is a train that runs by but it was not a negative to us... We will be back. We highly recommend it if you are looking for a campground that is convenient to local restaurants and the historic towns."

"The stay at Anvil Campground started with meeting the very nice and helpful staff. The whole facility was very well maintained and the showers were very nice. My wife commented the showers had features she would like at home. The staff provided us with all the information we needed to use the local public transportation that has a stop in front of the campground...

All in all a very good stay and we will be back.

"Great place, very clean, very friendly, very accommodating and perfectly located! We stay 3 nights in April 2017, we spent most of our time at Busch Gardens during the days and when we got back to the site we were always greeted by the friendly owners and/ or staff. The camp store had stocked shelves with the essential everyday needs. They are located within a few miles of all the major restaurant chains, gas stations and a very nice Walmart market grocery store. The campground is small but the attention to details and small family atmosphere is worth its weight in gold...it's a great campground for a nice price and peace of mind knowing your camper/ personal belongings are safe!"

Very friendly staff, new equipment at playground, big trees for shade, and top-notch shower house - personal thank you for that! We also appreciated the inviting individual sites & full hook-ups! You can tell the owners re-invest here, for continual improvement and camper experience. Lastly, location is great!! Close to several historical attractions, Busch Gardens, and Walmart.

February 24, 2017 - [www.tripadvisor.com](http://www.tripadvisor.com) - "First Wedding Reception to Be Hosted at Anvil"

-5 out of 5 stars

"November 12, 2016 I married the love of my life. However, we were on an extremely small budget for a wedding. Our budget wouldn't even pay for most wedding photographers. Good thing I have an amazing friend that gifted us one of her wedding packages! Here is a little shout out to her and her wedding photography company KSant Photography. My husband and I are not the most traditional people in the world and wanted to make a statement with our wedding. You see, the day we got married was our 10 year anniversary together as a couple. Many individuals couldn't believe we were finally getting married! Actually, we couldn't believe we were finally getting married. For the six years prior to our wedding, we would go to Williamsburg for our anniversary. When deciding where we wanted to have the ceremony and reception Williamsburg is where our hearts lied. We have such good memories there and that is where our love grew stronger. Any who, we were getting discouraged because we could find absolutely nothing that was in our price range. I decided to call a friend to vent about it. Best decision I made... that angry rant gave me a wonderful idea. To have our wedding ceremony at Ripley's... We did some negotiating with Ripley's and were able to get the ceremony venue locked in. Now can the really hard part, where to have the reception and how were we going to provide good food to our guest for low, low pricing. Went down to Williamsburg to look into some campgrounds and after many failed attempts, we found the perfect place, Anvil Campground. I found out where they were located, called Brandon, a park manager and asked if we could speak with her about possibly hosting our wedding reception there. She was so extremely excited to speak

with us, which started to turn our spirits around. As soon as we pulled into the park, we absolutely feel in love. It was quaint, quite, and cozy, which was exactly what we were looking for. We meet with Brandon and explained to her our ideas and thoughts. She showed us the facility and the cabins we would be using, along with the reception space. The three of us went back and forth with ideas and logistics. Brandon informed us she would have to reach out to the owner for final approval of everything we had discussed, including pricing. They referred us to a BBQ catering company they use for their own events and we discovered that Ripley's was actually a sponsor of Anvil's. The stars were starting to align. We booked Anvil for our reception 3 Days later and our "package" included everything you could imagine for a price that was unbeatable. Anvil is one of the best campgrounds I have ever been too, and I have done a lot of camping in my life. But if you need more evidence, my husband hates camping and I quote, "I would come here again! I think we should start staying here on our anniversary trips every year!" The facility was beautiful. Well kept, clean, and a staff like I have never experienced. Their customer service is absolutely impeccable! I haven't had the pleasure of interacting with such friendly and helpful staff, EVER! I highly recommend this place for a group meetings or just a getaway weekend. I can't wait until we are able to go back. Thank you again Anvil, you were and still are amazing!"

February 22, 2017 - [www.tripadvisor.com](http://www.tripadvisor.com) - "So Many New Upgrades"

-5 out of 5 stars

"We have stayed here at least once a year for several years. This is an update of a previous review because the campground is putting in so many upgrades. We have a large motor coach and four dogs, so we need a place with room to feel comfortable. Don't let the small size of the campground fool you, the sites have plenty of room and the facility is perfect for walking the dogs. It is so good to see this place thriving. The young brothers that run it are part of the family that has owned this for over 60 years. One of the brothers lives on site with his wonderful wife and baby. You get a real pride of ownership in the place. Because they are doing so well, they are putting in some neat new features. First, and this is a big one for us, they are putting in a dog run. It will be nice to let the dogs wander off leash in the dog park. They have upgraded the playgrounds to include a child sized zip line. My 12-year-old niece played on the zip line for over an hour to give you an idea of how fun it is. The bathrooms were upgraded a year ago, and they remain immaculate. For non-campers, they are adding two Amish Cabins. These are across the street from the bathhouse, they will have a queen bed and two bunks beds with a frig and microwave and air-conditioning. No water, so you get the camping experience, but enough amenities that you are not roughing it too much. If you like roughing it, they are upgrading the tent camping areas, so they are really nice. They are also converting the old arcade room into a day room/TV room/Rally room. This, with the addition of a couple of new group picnic/campfire areas makes this the perfect place for a group/club camp out. Oh, there are two breweries within a mile of the park, so this is a plus. Yes, the train does come by this place, but we noticed the last train runs when we are going to bed and the first runs when we wake up. You do notice the train at first, but then, you quickly ignore it. We will continue to come back because of the staff; they are wonderful people that remember us each time we come back. Sure, there are other nice RV parks in the Williamsburg area, but this place is as nice as any of them, and is the closest to the historic area. Please tell Brandon that the greyhounds said hi when you come. If you are looking for a dog friendly place that is nice and convenient to the historic area, this is where you should stay.
